Purple City - Pixel Platformer Asset Pack
(Cyberpunk/Night Theme)

Step into the neon-lit streets of Purple

City, a pixel art asset pack inspired by cyberpunk and night-time aesthetics. Perfect for creating atmospheric 2D platformers, retro-style games, or indie prototypes.

What's included:

- 7 unique building designs

- 8 types of walls

- 7 platform variations

- 12 miscellaneous items, including one animated chest

The main tileset uses a 16×16 grid, while other assets vary in size to fit naturally into your level design. In total, this pack contains 30+ high-quality sprites to bring your world to life.

License:

Free to use for both commercial and non-commercial projects

Credit is not required, but always appreciated

If you enjoy the pack, please leave a rating

I'd love to see what you create — feel free to send me a screenshot of the asset in use!

More to come!

Future updates are on the way — more content and improvements are planned

If you think something is missing or have a suggestion, I'm open to feedback! Let me know and I'll do my best to include it in

future updates.
